Profile

I am a skilled systems administrator, experienced in Windows servers and networks. I also have managed Alcatel switches, Time and Attendance systems, Fingerprint T&A readers, and user desktops. I am capable of creating scripts and small programs to assist in my day-to-day work. I enjoy learning new things and see systems unfamiliar to me as a challenge rather than a problem.

Experience

Systems Administrator (Onsite support) Bytes Technology Group.

Manage networks for clients as outsourced onsite support.

Duties include:

- Microsoft Servers and Workstations.
- Thin clients (RDP / RDS).
- Virtual servers (Hyper-V).
- MS Exchange email servers.
- HP desktop and server hardware
- Responding to support calls within agreed SLA limits.
- Computer asset management.
- Desktop software support.
- Reporting and daily system checks.

Customers served:

- Illovo Sugar – Umzimkulu branch : 1999 – 2007
- Illovo Sugar – Sezela branch : 2007 – 2011

Education

National Diploma - Information Technology

2007-2014

Information Technology. Unisa.

Microsoft MCP

2000

Windows NT, Windows 2000
